receipt of a very celebrated English Farrier,

Burns, Chilblains, Erysipelas, &c.—will  
quickly be relieved by the application of  
this salve. This remarkable sanative pos-  
sesses many virtues never found in any other  
article. It has the most perfect power  
over all pains by fire, positively allaying

**Hay's Liniment for the Piles.**  
The worst attacks of the Piles are effec-

throughout the country have used this lin-

icates worms from both Adults and chil-  
dren. It cannot harm the most delicate  
Infant or strongest Adult, and never fails  
to completely root out and destroy all kinds  
of worms. The cost 2s. per bottle, puts it  
within the reach of all, and all parents  
who are without it are wantonly exposing  
the lives of their children to those fell dis-  
troyers of youth, "Worms."

## MADISON FOUNDRY, Sharom, Miss.

CONSTANTLY on hand, Ploughs, Gin Seg-  
ments and mill Castings. Castings of any  
kind made to order. All work warranted in  
material and operation.

**Gin Segments.**—These are made on  
approved, scientific principles—so constructed  
and working together as to avoid nearly all  
friction, so that with the same power, one half  
more work can be done, than with the ordinary  
Gin gearing.

From many testimonials of the superiority  
of these Segments we insert the following:  
*Leake County, Miss., March, 1850.*  
For the last six months I have been using  
Segments made at the Madison Foundry, and  
find them superior to any horse power gearing  
I have ever seen.

*J. H. McGAUGHY,  
Stump Bridge, Madison County.*  
I have been engaged many years in putting  
up machinery, both at Northern and Southern  
Foundries; but for regularity, ease of motion  
and absence of friction, I have found none  
equal to the Segments made at the Madison  
Foundry.

*JOSEPH BARNES,  
Sceny Ash, Attalla County, 1850.*  
The Gin Segments made at the Madison  
Foundry far surpass my expectations. They  
require less team than any I have ever seen.  
I gin with one horse, on a 41 saw gin, three  
bales a day.
